

Product Overview

IMAGin[®]
by MACTac[®]

MACTac Products for Water Based Printing

PERFORMANCE GRAPHICS
IMAGin • MACTac • PERMACOLOR • MACTscreen

A Bemis Company

IMAGin[®] JT 1000 series for Water based ink jet printing and Permacolor[®] 7490 series help you protect the environment

- WB printing is greener and healthier than other inkjet printing techniques
- WB inks are less toxic : inks are non flammable, no need for extraction equipment
- IMAGin JT 1428 SP is a NON PVC  white matt topcoated film for high resolution prints
- Permacolor PG 7490 series : an ecofriendly  PP laminate with a clear semi-permanent emulsion acrylic adhesive with three different finishes.

IMAGin[®] Water based printing media by MACtac[®]

Reference	Product description	Outdoor durability	Main characteristics	Ink compatibility
